

12th Annual DUNBAR *Salmonberry Days*

May 1st to May 31st, 2009
Dunbar's Environment Festival

Dunbar's Rite of Spring

Every year when the weather gets warm, the residents of Dunbar come out of their houses and reconnect with the outdoors. We rake the grass, clean up the garden -- and consider the possibility of a Salmonberry Days walk!

Have you ever come along on a Salmonberry Days walk?

This calendar offers dozens of interesting, low-key events that will be taking place in our neighbourhood throughout the month of May. Learn to recognize local birds and plants. Learn some new gardening tips and all the basics you need to start your own food garden. Learn about the history of our neighbourhood. Swap notes and rub shoulders with your neighbours!

If you have never tagged along on a Salmonberry Days event, look through this calendar. You are likely to see something that you or your kids would find interesting. If you are a Salmonberry Days regular, welcome back!

Salmonberry Days is a unique project of the Dunbar Residents' Association, building awareness of our neighbourhood's natural surroundings. This annual festival is organized in co-operation with the Dunbar Community Centre and Dunbar Area Businesses. We are grateful to the City of Vancouver's Office of Cultural Affairs and to local financial institutions, whose support covers the modest costs of printing this calendar, and to the many volunteers who donate their time and expertise to make this festival happen.

CHECK OUT THE SALMONBERRY DAYS ACTION AT THE LIBRARY!

The Dunbar Branch Library will be having its annual adventure for children aged 3-12 -- the now famous *Find the Salmonberry* contest. We will be hiding a picture of a salmonberry for you to find. Each week, the picture of the berry will get smaller and smaller.

And back for the second time, the *Ode to the Salmonberry* poetry contest. Write an original poem singing the praises of this lovely, juicy, salmon-coloured berry. All poems will be posted in library!

Lots of prizes for the lucky winners, both contests open to all children...come on in to get more details!

ALSO AVAILABLE AT THE LIBRARY

June Binkert's self-guided architecture tours

The late June Binkert wrote up notes about some of Dunbar's distinctive houses. Read them as you follow four different routes and view the houses from the street. Pick up copies of June's Self-Guided Architecture Tours in the Dunbar Branch Library. Also available online at www.dunbar-vancouver.org.
